socket SWITCH

BULO
Switch & Socket

In 1965, Bulo international group Co., LTD. Was established in Hong Kong, For 40 years, it has become the most scoring influential electrical switches, accessories and electric products, hardware, household lighting engineering and etc series products manufacturers in Asia. Having several important patents, in electrical industry enjoyed a good reputation

In 2002, the Bulo international group to come to China, a Bulo electrical products in China for the investment projects, and in its domestic joint venture to provide technical support, wenzhou longwan WanYu Co., LTD. Is China's agent in China to responsible Bulo appliances production and sales

In 2006, the Bulo international group Co., LTD successful merger wenzhou longwan WanYu Co., LTD and renamed as zhejiang Bulo electric Co., LTD, realize the enterprise production, design, marketing and promotion of unity, so that enterprises more competitive

In the Same year, Bulo start the Guzhen bulo Center In Guangzhou zhongshan.

As a joint venture, Zhejiang Bulo Electric Co., Ltd. is dedicated to the design, research, development and manufacture of electrical products. Our main products include wall switches and sockets, floor sockets, extension sockets, circuit breakers, trippers, modular sockets, bakelite electric appliances, electric appliances for hotels and energy saving lamps. With unique appearance, good raw materials and strict quality control, we are making the products in excellent performance. We have passed the evaluations of ISO9001,SASO Certification, CE and China Compulsory Certification.

On the basis of excellent talents, modern equipment, advanced management and outstanding R&D ability, new products are coming out continuously. We are making innovation all the time. All what we do is to make the society better and make people safer and happier in life.

If you are interested in our products, please visit our website - www.bulochina.cn or contact us directly. We are sincerely looking forward to cooperating with you in the very near future and will do our best to offer you the most competitive prices and satisfactory services.

Channel construction, and create a marketing network accessibility.

- * Use the brand to attract dealers, strategic move by dealers, distributors rely on the construction end markets.
- * Shift from the full range of mechanical, diversify from a single, unique piece of building Bulo smooth channels.
- * To establish a sound monitoring links and guarantee the success of building marketing channels.

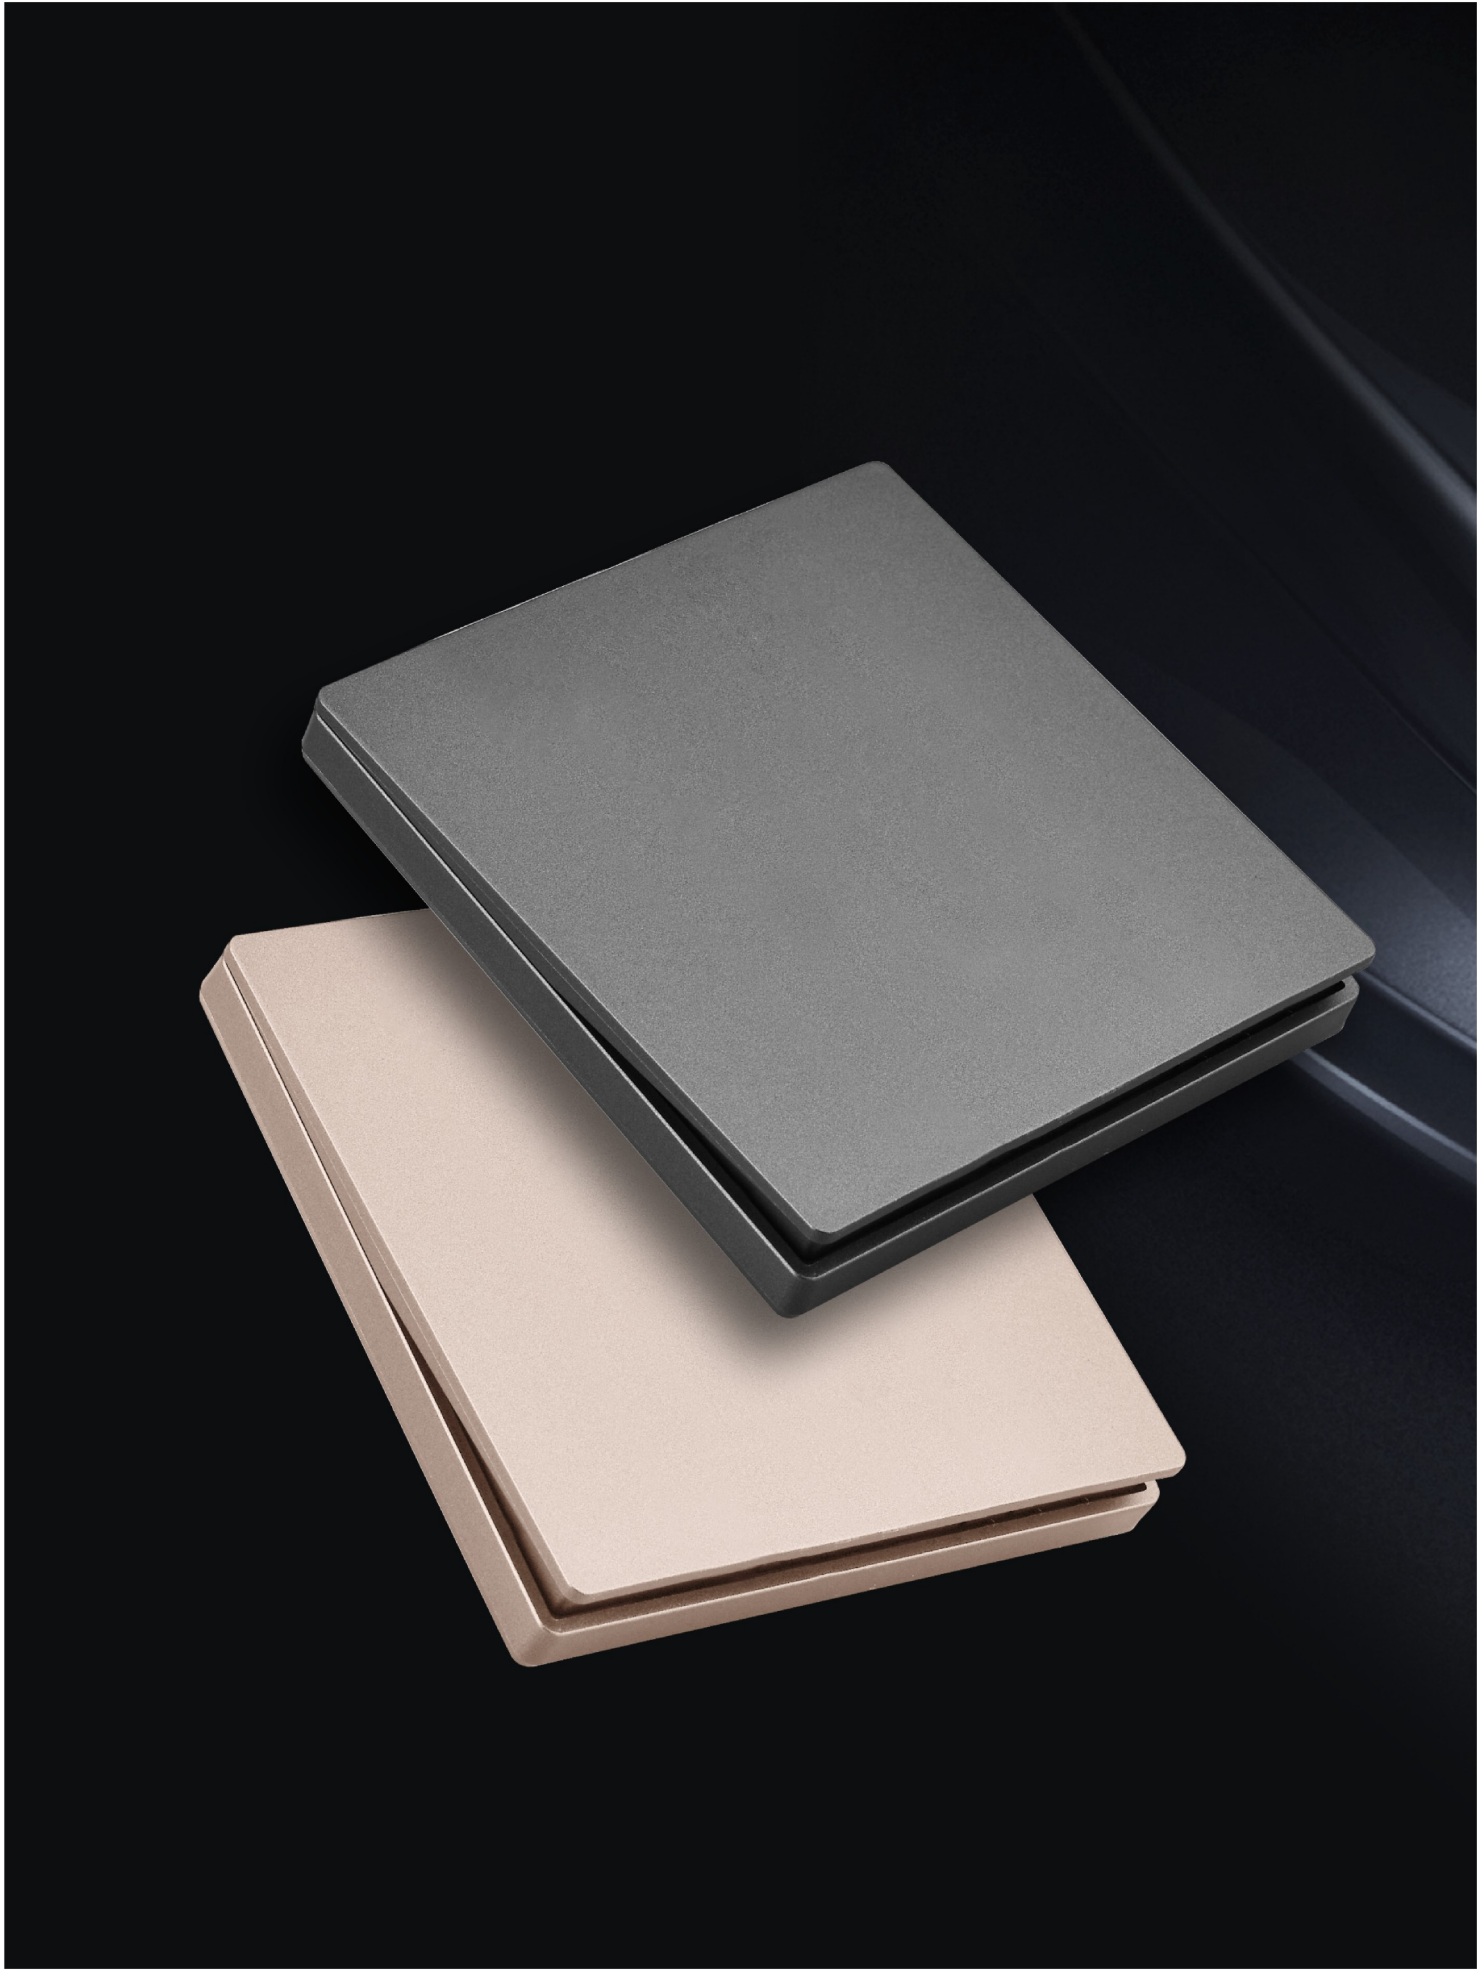

Guiding the action, forming a new marketing ideas.

- * Means to create a new market segment needs to meet the potential demand of consumers for the goal.
- * Strong brands and quality products to attract consumers to buy.
- * The system gain market advantage and competitive strategy of cultural superiority.

Win-win strategy, win in the future.

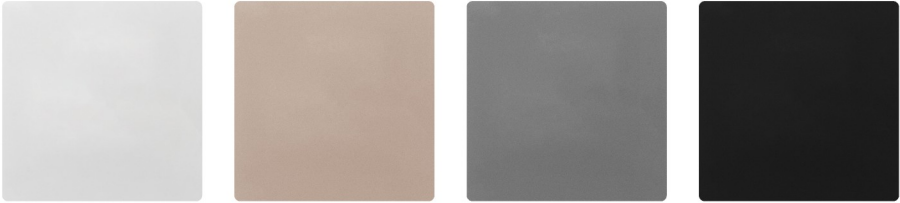

- * To develop strategies to reach companies and distributors, consumer co-benefits.
- * Do not care about the fine front of gains and losses, will be based on long-term business strategy and seek victory in the future.
- * science marketing, rational planning, to win at Bulo

Meet the consumer's "urgent need" is the best way to quickly make a profit; meet consumer "must needs", is the best choice for long-term profitability; activated consumers "potential demand", it is gaining market effective means opportunity.
